

# QUINTA DE CHOCAPALHA

## The vineyards have a long history, referenced from the sixteenth century for their excellence.

The vineyards of Quinta De Chocapalha are situated on the sunny hillsides of Estremadura, Demarked Region, northeast of Lisbon. They have been referred to since the XVI century for their excellent vineyards and wines.

Since Alice and Paulo Tavares da Silva's ownership, important improvements have taken place on the 40 hectares of vineyards. New techniques of cultivation have been introduced at Quinta de Chocapalha while still continuing the old tradition of this vine-growing farm. At Quinta de Chocapalha the goal is to ensure high quality wines that excel on an international level.

Although the vines at Chocapalha are much older, it was only in the vintage of 2000 that the first wine was produced.

They felt it essential that the vineyards reached maturation and the desired quality before going into production.

The introduction of new farming methods allowed the family to consolidate the quality and reputation of its wines. The winemaking responsibility lies in the hands of their daughter, the renowned Sandra Tavares da Silva.

Quinta De Chocapalha has, in modern times, kept up with its prestigious reputation. **The awards speak for themselves**, the most recent Robert Parker ratings of Chocapalha: The renowned Wine Enthusiast 2010 ratings for Chocapalha.
