

NATIVO

**'We handcraft innovative wines that express
a full sense of origin.'**

The Hughes Family Wines is a young wine venture in Malmesbury, one of the Cape's most promising modern wine regions producing wines of a distinctive local flavour.

Argentine born Guillermo Hughes and Penny farm their vineyard with an organic approach to viticulture, producing naturally fermented wines that reflect the true signature of the Swartland.

They produce only two wines, a Red and a White Blend.

NATIVO RED is a blend based on Rhône varietals spicy Shiraz, Mourvèdre and Grenache which together with Merlot and Pinotage result in dark fruits, soft tannins and a unique mineral character.

NATIVO WHITE is a blend of Chenin, Viognier and Verdelho that has a bouquet of pineapple and lime with mineral overtones and a long, creamy finish.
